ER 83-2654/1STAT  
MEMORANDUM FOR: [redacted]  
Special Assistant, DDCISTAT  
FROM: [redacted]  
Public Affairs OfficeSUBJECT: McMahon's Briefing to the American  
Astronautical Society, 21 JuneSTAT  
1. I have met with [redacted] of OSWR and heard his briefing on the Soviet Space Program. With some modifications, I think this would be a fine presentation for McMahon. It is at the appropriate SECRET level and provides a good, general overview of the goals and objectives of the Soviet Space Program as well as giving some details of the systems they are developing.

2. Another benefit of this briefing is that it could be very compatible with Gen. Williams's remarks. Williams's speechwriter says he can devise a briefing that focuses on how the Soviets would use these space systems in an actual war. McMahon's would be the perfect lead-in.

3. If you think John would like this approach, I suggest we proceed as follows:

STAT  
a. [redacted] could give a 20 to 30 minute summary of the briefing as it is now to John in his office. John could see the viewgraphs and give us feedback on how he likes the material. Maybe this could be scheduled sometime in March.STAT  
STAT  
b. [redacted] and I could then draft a 20-30 minute text keyed to the viewgraphs. A more general introduction could be added that would address some of [redacted] ideas on "the international environment in the future."STAT  
4. Let me know how this strikes you. If you think it's worth a try, I will call [redacted] as well as Gen. Williams's speechwriter and get things moving "officially" along. I know the meeting is several months away but I would at least like to know things are underway before I go on maternity leave in early May.DCI

Dear Mr. McMahon:

The American Astronautical Society will honor General Lew Allen, Jr., USAF (Ret.), at its annual Honors Banquet on Tuesday evening, June 7th at The Mayflower Hotel in Washington, D.C. The Honors Banquet is being held in connection with the 2nd Annual two-day classified Military Space Symposium. It would be a great pleasure for us if you would be our guest at this Honors Banquet.

The evening will begin with a reception at 7:00 P.M. and the banquet will follow at 8:00 P.M. The dress is black tie or summer mess. There will be dancing. The AAS is organizing the banquet in accordance with DoD directives and other government agency directives.

The program for the evening will consist of the presentation of the Military Astronautics Trophy to General Allen in recognition of his outstanding leadership in the application of astronautics to the development of space systems for national defense. The AAS will also present two student awards to the first place winners at the 28th Annual Fairfax County Regional Science and Engineering Fair.

We sincerely hope you will be able to join us on this special occasion in honor of General Allen. An RSVP form is enclosed.

Sincerely yours,

Jane Long

Dear Mr. Casey:

This year will prove to be a most challenging time for the 99th Congress and leaders the world over as they face the military, defense and nuclear arms issues of our age. I would like to take this opportunity to invite you to be our guest at a future Stanton meeting which takes place every other Thursday, 8:30-10:30 a.m.

This coalition, made up of a wide spectrum of pro-defense conservative groups, is very action-oriented. We support such concepts as the Strategic Defense Initiative (SDI), aid to the contras of Nicaragua, etc. I can assure you that your suggestions for action will be acted upon.

One other point that needs to be raised: Our member list is confidential as well as any comments that are made in the meeting. Our off-the-record rule is strictly adhered to.

A member of my staff will contact your representative to agree on a mutually convenient time for you to attend the Stanton meeting. I look forward to hearing from you, soon.

Best personal regards.

Sincerely,
